NOTES:

- 1. A bullet () indicates a code which has been added or changed.
- 2. A square () indicates a code which has been canceled.
- 3. A diamond () indicates a code reserved for future use.
- 4. Code N-00 is for $\underline{\text{INDEXES}}$ $\underline{\text{ONLY}}$. Holders of other "N" codes automatically will receive the indexes and therefore $\underline{\text{do not need}}$ N-00.
- 5. Code N-01 is generally for Staff use only. Advance approval of the Area BSP Coordinator is required before this code may be set up for distribution. This code does not contain "SPCS" rated practices.
- 6. Codes N-70, N-71, and N-72 are not intended for Administrator's.
